NCCER

This course includes all modules of the NCCER Core Curriculum and the Scaffolding Program.

Introductory

It introduces the scaffolding trade and its associated trade math, regulations, and standards; identifies commonly used scaffolding systems and their safety systems; and addresses personal qualities and the apprenticeship training process.

Lecture & Hands-On

The lecture part of the course will be taught at HASC and the hands on portion will be taught at CMEF.

Class Schedule

June 5 – September 27
Mondays and Wednesdays
6 p.m. – 10 p.m.

Pricing

ABC Member / CMEF Contributor: \$135.00
Non-Member / Non-Contributor: \$585.00
